FOREIGN POLICY THOUGHT CAUSE

Regarded as Real Reason For Break
Between Wilson and Lansing,
Causing Latter to Quit

MORE DISCLOSURES LIKELY
Among First May Be Former Mexi-
can's Ambassador's Letter of
Resignation Which Was Suppre-

(By United Press.)
Washington, Feb. 14.—Further
disclosures were believed imminent
today in the controversy between
President Wilson and Robert Lan-
sing which resulted in the latter's re-
signing as secretary of state.
Although Wilson announced that
a reason for accepting Lansing's
resignation was that the secretary
advised and presided over cabinet
meetings without authorization of
the president, prolonged fiction over
product of foreign affairs led up to
the final clash, according to corre-
spondence between Wilson and Lan-
sing, made public last night.

The full story of this long con-
tinued conflict between the president
and secretary is expected to come
to light during the next few days.
One of the first disclosures pre-
sented will be the making public of
a letter of resignation of Harry
Fletcher, former ambassador to
Mexico. This letter, it was thought,
was a criticism of Wilson's policy
toward Mexico.

The contents of the letter have
been withheld, nothing more than a
hint as to the character of it be-
ing permitted to leak out.
Fletcher is understood to have
discovered the attitude toward Mexico
which Lansing took during the ne-
gotiations over the imprisonment of
William Jenkins, American consular
agent. His attitude changed later
supposedly on instructions of the
president.

A number of congressmen today
are seeking means of placing the
Wilson-Lansing dispute before the
house or senate for discussion.

However, no leader in either
branch of congress appeared anx-
ious to take the initiative.

Polk, under secretary of state,
took up the work as secretary to-
day. It was learned today from an
authoritative source that the ill feel-
ing between the president and Lan-
sing began while the two were in
Paris. Upon Wilson's return to Paris
the disagreement with many of the pro-
ceedings which had been participa-
ted in by Lansing as well as Colonel
House. The president later recalled
Lansing and sent Polk to take his
place.

The hostility neared the breaking
point during the president's tour of
the country speaking in behalf of the
treaty ratification.

William Bullitt, a member of the
American peace commission, testifying
before the senate foreign rela-
tions committee concerning peace
negotiations and his mission in Rus-
sia, made the following statement:
"That just before he left Paris
for the United States Lansing said
in effect that neither the senate nor
the American people would approve
the treaty if they knew what it let
them in for."

PAIR MULES BRINGS \$1,000

A pair of three-year-old mules
sold for \$1,000 at the Mobley sale
in Greensburg yesterday, according
to Rush county farmers who at-
tended the auction. An odd mule
sold for \$457.50 and another one
for \$437.50. None of the mules was
bought by farmers in Rush county
and vicinity, but most of them went
south. The span of three-year-olds
was purchased by Perry Davis of
Columbus.

FARMERS MEETING AT RALEIGH TODAY

Addresses by Fred Bell, County Pres-
ident, M. F. Detrick, Miss Gad-
dis of Purdue and Others

BASKET DINNER AT NOON

Rushville and Jackson Township
Associations in Session Friday
Night Discussing Fertilizer

A big attendance, even though
the roads were in a bad condition,
was on hand today at Raleigh to
take part in the farmers meeting of
the Washington township associa-
tion. The meeting began with morn-
ing sessions and a big feature was
the bountiful basket dinner served
at noon. An afternoon program was
also arranged.

The program was carried out in
the town hall at Raleigh. Farmers
from every part of the township
were present, and the attendance
was more than was expected be-
cause of the weather. County Agent
M. F. Detrick was present and gave
several talks, as did Fred Bell, pre-
sident of the county organization.

Miss Gaddis of the home econ-
omies department of Purdue Univer-
sity was in attendance and gave in-
teresting talks to the women. Maur-
ice Douglas of Flatrock, second
vice-president of the state organi-
zation was expected to attend but
at noon he had not arrived. It was
expected he would get there before
the meeting closed this afternoon.

Two good meetings were held last
night in Rush county, one by the
Jackson township farmers and the
other by the Rushville township
farmers at the Welsh school, south-
west of Rushville.

The meeting at the Osborn school
was well attended by an enthusias-
tic crowd and the subject of buying
fertilizer took most of the evening's
time. The real value of buying was
made plain by County Agent De-
trick and before the meeting closed
over 20 tons had been subscribed
for and another meeting two weeks
in advance will be held so that the
others that were not in attendance
last night, will be given a chance to
place their orders with the rest of
the township farmers.

The Rushville farmers also began
to place their orders and a canvas
of the township will be made to in-
crease the orders.

GARDEN SEEDS SENT HERE

Office When They Arrive

The Daily Republican has received
the information in a letter from
Senator Harry S. New that a mail
bag full of garden seeds is being
sent here and the co-operation of
the Republican is asked in the dis-
tribution of the seeds.

The seeds will be given to per-
sons wishing them, who will call at
the Republican office. Each package
is franked for mailing and anyone
who finds it inconvenient to call may
receive seeds by mail if the republi-
can is notified. It is not known what
kinds of seeds will be available for
distribution.

Memory Of Rush County's Heroic Dead To Be Honored February 22

Memorial Services Will be Held by American Legion on Washington's
Birthday and French Memorial Diplomas Will be Presented to Next
of Kin.

The memory of Rush county's heroic dead—the eighteen young men
who gave their lives during the world war—will be honored at a memorial
service to be held Washington's birthday at the First Presbyterian church
under the auspices of the local post of the American Legion, when French
Memorial Diplomas will be presented to the next of kin of the deceased
men.

The following is a corrected list of those entitled to a place in Rush
county's gold star honor roll, which has been prepared by an American
Legion committee, the second name being that of the next of kin who will
receive the memorial diploma:

KILLED IN ACTION.
Cox, Sergt. Elbert H.—Mr. and Mrs. A. J. Cox, Rushville.
Deerin, John W.—George Deerin, New Salem, R. F. D. 2.

Persons knowing of any corrections or additions to this list are urged
to notify S. L. Trabue, Rushville, at once.

Although French Memorial Diplo-
mas have been received for only
eight of the eighteen Rush county
men who made the supreme sacrifice
all of the relatives of the eighteen
will be asked to participate in the
services here on February 22.

The American Legion committee
making arrangements for the meet-
ing is leaving no stone unturned in
an effort to get a diploma for every
one of Rush county's eighteen hero-
es, in time for the ceremony, but if
this is found impossible, the formal
presentation will be made in any
event to the next of kin of all the men
and the remaining diplomas will be
sent to the persons to whom they
are issued, when received.

The committee of the former sol-
diers' organization is extremely anx-

ious that this Gold Star list be cor-
rect. Any person who can add a
name is most earnestly requested to
communicate with S. L. Trabue of
this city, chairman of the commit-
tee, at once.

The names in the list are identical
with two exceptions, to the Gold
Star honor roll compiled by and
printed in the Daily Republican
January 1, 1919. The name of Her-
bert Neal has been added. Although
he enlisted at Madison, Ind., he is
a Rush county boy since his mother
lives here. The name of Ralph
Moore was taken from the list or-
iginally published in the Republican
as he never resided here, but lived
in Detroit and enlisted there. He was
the brother of Mrs. John S. Aber-
crombie, who is now living at Miami,
Florida.

been reported in Rushville during
the last three days, which makes
an average of only three cases a
day. One case was reported this
morning, Glenn E. Foster, 1002
North Main, being the latest victim.
The other eight cases are as fol-
lows: Caroline Griffith, 819 North
Jackson; Dwight Quyle, 447 West

other member of the household was
ill today and it has not been pro-
nounced as smallpox yet. To date
there have been 94 cases of conta-
gious diseases in Rushville for Feb-
ruary.

Of the 94 cases only about one-
third of these have been pronoun-
ced influenza, the majority being
measles, of which there is an epi-
demic prevalent in Rushville. Sever-

Arrangements Completed For Meet-
ings at Presbyterian Church

Arrangements are practically
completed for the opening of the
evangelistic campaign at the First
Presbyterian church tomorrow. The
chorus, consisting of about twenty-
five voices, met last evening and
gives promise of becoming a very
efficient aid to the meetings. Mr.
and Mrs. George were not able to be
present, but will arrive on the 4:05
interurban car this afternoon and
will be ready for the services to-
morrow. Both of tomorrow's mes-
sages will be addressed particu-
larly to the church, but will at the
same time be of practical interest to
the public.

WOMEN ENGAGE IN A PARTISAN FIGHT

Controversy Aroused at Suffrage
Convention When Resolution
Thanking Hays is Offered

FINALLY CARRIED, HOWEVER

Same Thing Done Later With Re-
spect to Democratic National
Chairman, Homer Cummins

(By United Press.)

Chicago, Ill., Feb. 14.—A partisan
political fight broke out on the floor
of the National Suffrage Associa-
tion convention here today.

Mrs. R. Edwards, former presi-
dent of the Indiana Franchise Le-
ague, introduced a resolution offering
thanks of the convention to Will H.
Hayes, chairman of the Republican
national committee, for his efforts
in behalf of suffrage.

The motion was seconded by Rose
Young, democrat, editor of the
Woman Citizen.

Mrs. Gelhorn of Missouri asked
the chairman if it were in the power
of the convention to pass such a
resolution.

Mrs. Catt, president, replied that
the convention could formally offer
its thanks to anyone who had aided
in the suffrage cause. The resolu-
tion was finally adopted.

Mrs. Edwards later introduced
another resolution thanking Homer
Cummins, national democratic
chairman, for his aid to woman suf-
frage. This also carried.

100 DEFENDANTS ARE IN QUIET TITLE SUIT

Milroy Milling Co. Seeks to Make
Title to Real Estate Secure—
Vohland Files Petition.

ASKS CHARGES BE SPECIFIC.

A suit to quiet a title has been
filed here by the Milroy Milling com-
pany against Erasmus T. Bassett and
others. The complaints names al-
most a hundred people as defendants,
stating that the title of the land
might be contestable, and the suit is
to place the title in the names of the
Milroy Milling company "against
the whole world."

Charles Vohland, defendant in a
divorce case filed by Mrs. Lettie
Vohland, has filed a petition asking
that the allegations in her complaint
be made more specific so that he can
secure proper evidence in the case.

The part in particular that Voh-
land demands more information
about is her allegation charging him
with undue intimacy with other wo-
men. Vohland asks that she state
names, places and circumstances.

MORE ARRESTS EXPECTED

rests were to be made in connection

RULING CONCERNS EX-SERVICE MEN

War Risk Insurance May be Rein-
stated Any Time Before July
1 if Two Conditions Are Met

NEED 2 MONTHLY PREMIUMS

Former Soldiers Who Failed to Re-
instate Insurance Prior to New
Law Will be Benefited

Under a new and very liberal rul-
ing of far-reaching importance to
every former service man in Rush
county, issued by the federal bureau
of war risk insurance, with the ap-
proval of the secretary of the treas-
ury, war risk (term) insurance, re-
gardless of how long it may have
been lapsed or canceled, and regard-
less of how long the former service
man may have been discharged, may be
reinstated any time before July
1 next.

The only conditions are that two
monthly premiums on the amount of
the insurance to be reinstated must
accompany the application and the
applicant must be in as good health
as at the date of discharge, or at
the expiration of the grace period,
whichever is the later period, and so
state in the application.

The new ruling, announcement of
which has been received here, is the
most important liberalization of war
risk insurance since the passage of
the Sweet bill, and is designed for
the special benefit of service men
who failed to reinstate their insur-
ance prior to the new law, and who
have been discharged more than 18
months.

Ex-service men may still reinstate
their lapsed term insurance at any
time within 18 months following the
month of discharge by complying
with the same conditions. Within
three months following the month of
discharge reinstatement may be
made by simply remitting two
months' premiums without a formal
application or statement as to
health.

Reinstatement may also be made
after 18 months following discharge
as follows: If the insurance has not
been lapsed longer than three
months, by complying with the con-
ditions outlined in (1) and (2)
above. From the fourth to the ele-
venth month, inclusive, after lapse,
by complying with the same condi-
tions, and in addition submitting a
formal report of examination made
by a reputable physician substanti-
ating the statement of health to
the satisfaction of the Director of
the Bureau.

In announcing the new ruling
Director Cholmeley-Jones desires to
emphasize the fact that war risk
(term) insurance or U. S. govern-
ment (converted) life insurance may
now be made payable to any of the
following new and enlarged group
of beneficiaries:

Parent, grandparent, step-parent,
wife (or husband), child, step-child,
adopted child, grandchild, brother,
sister, half-brother, half-sister, brother
through adoption, sister through
adoption, stepbrother, stepsister,
parent through adoption, uncle,
aunt, nephew, niece, brother-in-law,
sister-in-law; persons who have
stood in the relation of a parent to
the insured for a period of one year
or more prior to his enlistment or
induction, or the child or children of
such persons; parent, grandparent,
step-parent, or parent through
adoption of the insured's wife (or
husband).

War risk (term) insurance may
be converted into United States gov-
ernment life insurance, now or at
any time within five years after the
formal termination of the war by
proclamation of the president.

United States government (con-
verted) life insurance, including or-
dinary life, twenty payment life,
thirty payment life, twenty year en-
dowment, thirty year endowment,
and endowment at age 62, may now
be paid in a lump sum at death, if
such method of payment is designat-
ed by the insured.

ously sick suddenly, at her home

OLD MAN JINX TRAILS LOCALS

Friday the 13th Proves Too Much For Rushville and Gives Connersville Game 17 to 13

TWO SUBSTITUTES SHOW WELL

Local Tossers Hit Basket Time and Again For Apparent Goals But Ball Rolls Off Hoop

In a basketball game that almost duplicated the one played on the Connersville floor a few weeks ago, the team from that city came over last night and walked away with the honors, winning by the close score of 17 to 13. The second team from the visiting city, however, was not quite so successful, and they were defeated by the score of 14 to 9.

While the local aggregation did not line up with their regular players, the game was fast and exciting until the very end, the substitutes putting up a big fight.

Friday the 13th with its jinx was on the job for Rushville as many easy shots that looked good, would only hang on the edge of the hoop, then roll off. Time and time again the ball rolled all over the basket only to fall off the side, which under ordinary circumstances would have meant points.

Connersville took the lead, making their first point on a foul goal. Then Ridge made a field goal, putting the visitors 3 points to the good. In shot order Headlee found the basket for Rushville and then he tied the score by throwing a foul goal.

Jordan, substitute guard, showed up exceedingly well in his position, and was the next man to find the basket, followed in quick succession by Phillips, substitute forward. This was the only time the entire game that Rushville lead the visitors, but managed to tie the score several times later, in the last half.

When the final whistle blew for the first half, Connersville lead by one point, 9 to 8. Eakins, regular guard, who has been ill for the last

week, went in the game in the place of Jordan but did not show up well because of his illness but showed much spirit by getting into the game after a week's illness. He also played under the jinx because many of his shots which are usually made would not go through the net.

At the beginning of the second half Eakins tied the score 9 to 9 by throwing a foul goal. Connersville made a field goal and Headlee again tied the score. Cates for Connersville made another and Hopkins made one, giving the visitors the lead, 15 to 11.

Phillips again took a shot for Rushville making them the 13 points which they were not able to go beyond. With the score 15 to 13, and eight minutes to play, the fiercest part of the fight began.

The ball was taken repeatedly down the floor by both sides, and many good plays on both sides were broken up. At this period in the game when the local team needed a goal to tie the score, it seemed that old man luck was sure against them.

Frazee, playing at back guard had several chances but missed them, throwing one into the basket after the referee had fouled him for a dribble. Headlee made several shots which just wouldn't drop in and at one time eight chances were taken in quick succession underneath the basket, none of them dropping through.

Headlee on several occasions took wild shots at the basket, while Phillips was alone on the opposite side of the floor in good position to shoot.

The game was delayed in getting started because Connersville objected to Schonaman as referee. He said later that if he had known that the squabble was over him, he would have given the visiting team two minutes to get on the floor, and call it a forfeit game. The referee in all occasions is hired as an outside man and the state rulings are such as to give the referee the power to all games, according to the book of rules.

Connersville was well represented last night and the crowd was large. The old rivalry that has existed between the two schools was prominent last night, and Friday the 13th broke the winning streak of the Rushville high school over Connersville, having defeated Connersville 12 times in recent years without a single defeat—and the defeat had to be taken on the local floor.

Much credit is due the substitutes and Phillips especially has promises of becoming a first string man soon. Miller, who was also sick last week, and was not expected to play last night, was in the game all the time, but was unable to locate the basket.

No man on the team uses as much head work as Frazee, and several times last night he would attempt to tell the boys by gestures to follow up the ball and scatter over the floor. It was the greatest fault displayed last night that the Rushville team would not follow up their passes but would take chances on long shots, none of which was made.

The score and summary:
Connersville (17) Rushville (13)
Cates F. Miller
Ridge F. Phillips
Holter C. Headlee
Shaw G. Jordan
Heeb G. Frazee

Substitutions: Connersville, Siler for Shaw, Hopkins for Ridge; Rushville Eakins for Jordan. Field goals, Cates 2, Ridge 3, Holter, Siler, Hopkins, Phillips 2, Headlee 2, Jordan. Referee Schoonaman, Indianapolis Em-Roes.

R. H. S. 2nd's 14; C. H. S. 2nd's 9
The second team was more fortunate with old man luck last night and played a whirlwind game, winning by the score of 14 to 9. Bell and Somerville were the point getters for Rushville, and Carmel showed up well at center making one field goal. Martin at guard was after the ball at all times and had the entire Connersville team following after him over the floor.

The second team was also short on men, but the substitutes had things their own way and got a few point lead at the beginning of the game and at no time was this lead overcome. The first half ended 9 to 5. This game was by far the best that the second team has ever put up and created as much interest as the other game.

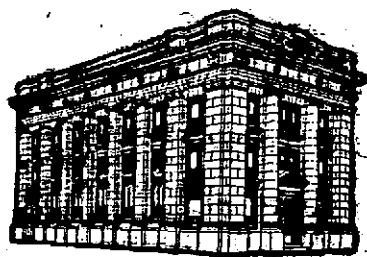

The locals lined up as follows: Bell and Somerville, forwards; Carmel center; Martin and Winkler guards. Connersville: Tatman and Scholl forwards; Sparks center; Smith and Edwards, guards. Field goals, Bell 3, Somerville 2, Carmel, Tatman, Scholl, Sparks, Smith. Foul goals, Somerville 2 Sparks.

CO-OPERATIVE MEETING CONVENES IN CHICAGO

To Consider Fully The Present Status of The Co-operative Move Throughout the World

PLAN DEFINITE PROGRAM.

(By United Press.)

Chicago, Feb. 14.—Delegates from farmers' organizations, national labor bodies and co-operative associations arrived in Chicago to-day for the opening of the All-American Co-operative congress here.

The congress was called by the newly organized All-American Farmer-Labor Co-operative commission, of which C. H. Gustafson, president of the Nebraska Farmers' Union, is the head.

The congress will consider fully the present status of the co-operative movement throughout the country and will plan a definite program for co-ordinating all co-operative work, Gustafson said.

Warren S. Stone, president of the Brotherhood of Locomotive Engineers, is general treasurer, and O. H. McGill of Seattle, Wash., general secretary, of co-operative commission, which called the congress.

NEW AUTOS AT DETROIT

Many New Makes Were on Display at Show Opening Today

Detroit, Feb. 14.—Detroit was to introduce to the world of motordom here to-day several new makes of motor cars, at the annual automobile show.

These cars, expected on the market for some time, were delayed by strikes and labor unrest. They were completed too late for the New York show.

Practically double the space used in former years was made available for this year's show, and likewise double the effort to make it a success has been put forth, according to officials.

MILROY DOUBLES SCORE

Defeats Manila Basketball Team on Neutral Floor, 34 to 17

The Milroy high school kept up their winning streak last night and had no difficulty in defeating Manila on a neutral floor, meeting them at Blue Ridge. The score was 34 to 17. The Milroy team has been going fast in recent games and expects to take the district tournament here next month. Tonight Sandusky and Milroy meet on the Greensburg Y. M. C. A. floor and Milroy will probably double the score.

WALKER TWP. MEETING TUES.

Don't Burn Good
Fuel in a Poor
Stove.

TAKE

PEPSINCO

It's a useless waste of good fuel and needless extravagance to try to burn it in a poor stove. It is absolutely wrong to expect good food to supply energy, vitality, health and happiness, if your stomach won't absorb and assimilate it. If you cannot eat with enjoyment; if your food does you no good; if food distresses, rather than benefits, then you have indigestion or dyspepsia. The best remedy to use is PEPINCO.

Ask your druggist—he sells and recommends Pepinco.

Compare this with what your envelope formerly held. We have a few Union Special machines for experienced girls and women. If you have the experience and are making less than the above, are you getting what you should?

Daring Hearts at Mystic

Reports from the Vitagraph Brooklyn studio reveal that "Daring Hearts," which is being shown at the Mystic theater today was built into complete form by an unusual production system. The main story phases of the subject were filmed first, and the subject could have been put together and issued in short order. But Vitagraph is said to have woven together other elements that required long effort. Photographers and directors were sent through portions of Alsace for special scenes.

Miss Bessie Barriscale, who is featured in a new Exhibitors Mutual picture, "All of a Sudden Norma," coming to the Mystic Monday, is herself responsible for the somnambulist scene in which, when caught in the sleeping apartment of the Duke of Suffolk in her pretty pajamas, she pretends to be a sleep walker and gets away with it on the spur of the moment.

Before Miss Barriscale thought of this solution of the sensational scene there was a touch of the risk, about it that Bessie didn't like. She had to have a reasonable excuse for being caught in the middle of the night under such circumstances and thus attired. The sleep-walking idea came like a flash during rehearsal one day, and from that minute it became one of the strong points of the play.

To see Miss Barriscale skidding down a rope from the fourth story of the veranda of a country house is worth going fifty miles to see. She's a graceful little woman and agile as a cat.

Two Stars at Princess

A pretty little seventeen-year-old actress makes her screen debut supporting Charles Ray in "Red Hot Dollars," his latest Thomas H. Ince production, which is being shown for the last time at the Princess today. She is Gladys George and was discovered by Mr. Ince while she was playing with "The Better 'Ole" stage company in Los Angeles. The famous producer was attracted by her charm and skill, had a test made, and signed her to a contract.

Miss George was born in Maine of a theatrical family and made her first stage appearance at the age of three. She played in Winthrop Ames' Broadway production, "The Betrothal," and has appeared as "Suzette" in "The Better 'Ole," throughout the United States.

"Red Hot Dollars" presents Charles Ray as a youthful machinist and is said to be a thoroughly entertaining picture. It is a Paramount-Artcraft, directed by Jerome Storm.

Charles Chaplin is, also, appearing in "A Day's Pleasure," the fourth of his million dollar pictures which have convulsed the nation.

There are more than forty distinct clans in Scotland.

America's Salvation

The American Legion is the salvation of America. The way the organization of world war veterans has attacked the parasite that is sapping the vitality and striking at the very heart of American institutions, shows very clearly that they are going to fight the same way they did when the Hun was their foe.

Every ex-service man in Rush county should be in the legion and be identified with this new battle which will rid the country of disloyalists and bring us all onto a new plane of patriotism. No soldier who was in the world war can afford to remain out, regardless of whether he thinks there is work for the Legion. There may not be the socialistic evils in Rush county that there are in larger centers of population, but the Legion will sway the nation not only with its ardor and devotion to duty, but by its overwhelming numbers as well, and Rush county ex-soldiers should be with them. Senator James E. Watson has written a wonderful tribute to the Legion, which presents a vision of possibilities of this organization, and which is presented in the following lines:

The American Legion! What thoughts arise when those words are presented to our minds. Legion in number and always American in purpose.

It is truly a wonderful thing to be an American citizen, with all the privileges that flow from the fortunate possession of that name.

When we think of the history of the past and of the struggles, trials and sacrifices, and the high position that we today occupy among the peoples of the world, we are sure that that name is grander than the Greeks, nobler than the Romans, that it is superior to the French, that it outshines even the English, and that we are all proud of the great name, American. And greater yet is the title, American soldier, because we have been singularly fortunate in the conflicts in which our country has been engaged in the decades gone.

Too many men in the centuries past have been brought together to contend for conquest, for plunder, for power, for spoils for territorial aggrandizement, or to satisfy the ambitious lust of a single man, but not so in this republic. Every war in which our nation has ever engaged has been fought for a sublime purpose, and when that purpose was vindicated the men went back home to resume again the broken ways of peace where they had dropped them at their country's call.

The men of 1776 contended for liberty. It was their own liberty, but yet in the cause of human freedom. The men of 1861 advanced the standard. They, too contended for lib-

ty, not their own, but for that of another race in their own land and under their own flag. The boys of 1898 lifted still higher the standard. They, too contended for liberty, not their own, for that they had, not that for any other person or people in their own land, for under our flag all were free and all were equal but they contended for the liberty of peoples beyond the path of the sun, in strange lands, and under foreign flags. Now, the boys of 1917, catching the inspiration of all our mighty past have lifted still higher the old standard of the republic, for in the conflict just closed, they contended for the liberty of all peoples, in all lands and under all ages.

Now that that great contest is over, it is up to our boys to train themselves for citizenship in the days of peace, as they trained themselves for conflict on the bloody field of strife. It is quite true that the American Legion has no monopoly on patriotism, because there are other millions of people that just as dearly love the old flag and are just as sincerely devoted to its principles, but after all the Legion may direct patriotism and, more than any other agency of force here in our land, can insure law and order and stability and the maintenance of orderly government, constitutional in form and representative in character. There is reason why this great organization for civic purposes should be made, because the Huns and vandals among us are again on the march. They are making demands that nothing but the overturning of our form of government can satisfy, and, my friends, if there be one thing above another upon which we can all agree it is that there is room in this country for just one flag and only one flag.

its kind, and that is the old flag of bolshevism. There is no space in our air for the black banner of anarchy. There is room only for the

same old and glorious flag that from Yorktown to the Argonne Forest has been the inspiration for every lover of liberty and every lover of it's kind, and that is the old flag under which our boys marched to victory, and when they brought it back with no stain upon it, except the blood of the boys who had died to defend it, by common consent it was placed above all other banners, for it represented indeed the only nation which when liberty pleaded her cause, forgot herself and all her selfish aims and plunged into the most titanic strife of human history in order that liberty might reign and be universally respected among the sons of men.

NOTICE

For the Improvement of a Public Highway on the Township Line Between Orange and Walker Townships.

Notice is hereby given that a petition has been filed in my office for the grading and paving with crushed stone of a certain highway on the Township Line between Orange and Walker Townships, Rush County, State of Indiana, which petition is signed by Lora Alexander et al., and is in words and figures as follows, to-wit:

TO THE HONORABLE BOARD OF COMMISSIONERS OF RUSH COUNTY, STATE OF INDIANA.

We, the undersigned petitioners, would represent and show to your Honorableness Board, that this petition is signed by more than fifty adult freeholders and voters of Orange and Walker Townships, Rush County, Indiana, twenty of which petitioners are ten adult freeholders and voters of said Orange Township and ten of which such petitioners are ten adult freeholders and voters of said Walker Township.

Your petitioners would further represent and show, that there is now an existing public highway on the line between Walker and Orange Townships, Rush County, Indiana, and more particularly described, as follows, to-wit: Commencing at the southeast corner of section twenty-eight (28) in said Walker Township or township thirteen (13) north, range nine (9) east; running thence west on the line dividing said section twenty-eight (28) in said township thirteen (13) north, range nine (9) east, to the northeast corner of section thirty-three (33) in said Walker Township, range nine (9) east and said section thirty-three (33) township thirteen (13) north, or said Orange Township, range nine (9) east, about eight (8) rods.

Your petitioners would further represent and show to the Board, that said public highway is in its entire length and breadth upon the aforesaid townships, Rush County, Indiana, and that the same is now traversed and used by United States Free Mail Delivery Route No. 1 out of Post Office, Rushville, Indiana; that neither the said Orange Township nor the said Walker Township has and each do not have an incorporated town or city within its borders.

Your petitioners would respectfully ask and pray of your Honorableness Board that said public highway be improved by grading, draining and paving the same with crushed stone covered with stone screenings and that the width be established as now laid out and dedicated and at least sixteen (16) feet wide as traveled portion thereof; that all necessary drains, side drains, bridges, culverts and sewers therein be so constructed as to make said public highway a complete macadam road that said road and improvement will be of great public utility and it will be of great benefit to the people of the same as hereinbefore set out, and the costs thereof will be less than the benefits derived therefrom, that said public highway will not pass into or through an incorporated city or town; that said road and improvement is less than three (3) miles in length and is about a quarter of a mile in length.

WHEREFORE, your petitioners pray for the improvement of said public highway in all things according to Sections 63 and 64 inclusive of the General Assembly of 1905, entitled "An Act Concerning Highways" and all acts amendatory thereof and supplemental thereto.

Don't Neglect The Little Ones

A snuffling, sneezing coughing child certainly is a reflection upon the parents. To permit a child to suffer from a cold is more than negligence; it is cruel. A cold that hangs on weakens the system and can easily turn into something serious. Mrs. J. S. Pilson, 376 E. 158th St., Cleveland, Ohio, writes: "I can't speak too highly of Foley's Honey and Tar. When my little girl has a cold I give her Foley's Honey and Tar and that stops her coughing in a little while." Children like it. It contains no opiates. F. B. Johnson.—(Adv.)

To Guard Against Influenza

Don't let the dread influenza get you. If you have even the slightest cough or cold, better begin using Foley's Honey and Tar at once. Henry Willis, Sandy Point, Texas, is one of many thousands who consider this remedy "just fine." He says: "I suffered severely with a bad cough; after using four or five dollars worth of different medicines decided to try Foley's Honey and Tar. One bottle gave relief. Best medicine I ever used." Contains no opiates. F. B. Johnson.—(Adv.)
